- The request for the attendance of the dog must come from the Applicant for the funeral (who is not necessarily the next of kin).
- The dog must come as part of the cortege – in so far as it can't be brought beforehand and exercised in the grounds.
- The dog must be on a leash at all times and under the control of a responsible adult.
- The dog should leave afterwards with the immediate family.
- Animals are not allowed within the grounds and cannot be exercised around the building.
- In the event that there is any accidental 'mess' within the chapel, the area affected will be professionally cleaned by an external company and the costs charged to the family.
